BUTTERFLY

Pharmaceuticals and Regulated Manufacturing

Who approved which version of this contract?

At a pharmaceutical manufacturer with thousands of employees, the answer was spread across scattered archives. With Butterfly, it now sits in a single record.

23 states	3 roles	On-premises
approval flow	business unit, lawyer, legal director	deployment

PROBLEM

The challenges facing your organization

01 Contracts and documents were **spread across scattered archives.**

02 **Multi-role legal approval** could not be tracked.

03 Showing **version and approval evidence** in audits took time.

SOLUTION

How Butterfly solved it

The full contract lifecycle, from request to signature, is managed on a single platform: draft, final, revised and signed versions, multi-role approval, and user and transaction logs. It is deployed on the company's own servers.

- ✓ **23-state approval flow**
- ✓ **Business unit, lawyer and legal director roles**
- ✓ **Approval validity tied to the contract version**
- ✓ **On-premises deployment**

OUTCOME

From the field, measured.

~8,300	40+ transitions	~3,200
contract records	23-state approval flow	user accounts

The customer name is not shared for confidentiality reasons. Figures are taken from the organization's records.
